ESRD NETWORK #15 VOCATIONAL REHABILITATION TRACKING TOOL-- 2010

How to use this tool:

Keep a running list of VR events for patients aged 18-54 in 2010. On the last day of 2010 you will need to review this list and cross off any patients who are no longer at your facility (people who have died, transferred out, or received transplants.) Those names that remain will need to be reported on the 2010 VR Survey, which will be sent to you at the end of 2010.
